The fate of the world lies in your hands.

As commander of the United Nations GDI forces, your mission is to stop the reign of terror caused by the neo-fascist terrorist group, the Brotherhood of Nod. Or perhaps you prefer to cause havoc rather than prevent it? Then send your Nod troops into battle against the GDI as you vie for world domination. THERE CAN ONLY BE ONE WORM...

The worm has returned! Ever-popular annelid, Earthworm Jim, is back as you've never seen him before – in 3D – and this time he's completely lost his marbles!

Our hero has been knocked unconscious by – guess what? – a falling cow and is trapped inside the insane world of his own brain.

Jim finds himself battling through huge environments, each linked to the darkest fears and fantasies of his psyche and each infested with hordes of hilarious baddies.

Only by finding all his marbles can Jim repair his brain and wake up to his superhero lifestyle in the real world.

SÓLO PUEDE QUEDAR UN GUSANO...

¡El gusano ha vuelto! El anélido más famoso de todos los tiempos, Earthworm Jim, está aquí de nuevo, como nunca antes le habías visto: en 3D (y esta vez más loco que nunca).

A nuestro héroe le ha dejado sin conocimiento (¿adivinas el qué?) una vaca y está atrapado en el mundo surrealista de su propio cerebro. Jim tendrá que abrirse paso a lo largo de escenarios inmensos, unidos por los temores más siniestros y las fantasías de su mente, e infestados por los malos más divertidos.

La única forma de liberar a Jim es encontrar todas sus canicas para reparar su cerebro y devolver al héroe a su estilo de vida normal en el mundo real.

DI VERO VERME CE N'È UNO SOLO...

Il verme è di nuovo tra noi! L'anellide più popolare di tutti i tempi, Earthworm Jim, è tornato come mai lo avevate visto prima – in 3D – e questa volta ha perso tutte le sue rotelle!

Il nostro eroe è stato messo KO da – indovinate cosa? – una mucca volante ed è rimasto intrappolato nei folli meandri del suo stesso cervello. Jim si ritroverà a dover affrontare enormi mondi ispirati dalle più oscure paure e fantasie della sua psiche, ognuno dei quali pieno di orde di bizzarri nemici.

Solo ritrovando tutte le sue biglie, Jim potrà rimettere ordine nel suo cervello e risvegliarsi così per tornare alla sua vita di super eroe nel mondo reale.

POUR TOUS PUBLICS

Le Professeur Chen a besoin de votre aide !

Le célèbre Professeur Chen vous a demandé de prendre en photo les Pokémon sauvages de l'île Pokémon. Parcourez l'île dans votre véhicule ZERO UN et photographiez les Pokémon dans leur habitat naturel. Mais les Pokémon sauvages apprécient peu les appareils photo : vous devrez donc utiliser des objets spéciaux pour les attirer. Gardez à l'esprit que seules les photos les plus nettes, les poses les plus drôles et les scènes les plus incroyables seront dignes de figurer dans le rapport du Prof. Chen. Alors restez vigilant et soyez prêt à les photographier tous.

- Etudiez les célèbres Pokémon dans leur milieu naturel
- Explorez des plages ensoleillées, de sombres cavernes et même un volcan grondant
- Il existe de nombreux types de Pokémon à découvrir. Combien pourrez-vous en photographier ?
- Des graphismes incroyables donnent vie à un monde fantastique
- Admirez des Pokémon évoluant de façon très réaliste, et seulement sur votre Nintendo 64 !

THIS IS A GAME PAK, NOT A CAMERA.

Professor Oak needs your help!

The Professor has asked you to study the wild Pokémon of Pokémon Island. Tour the island in your ZERO-ONE vehicle and snap pictures of Pokémon in their natural habitat. Wild Pokémon are often camera-shy so you'll need to use special items to bring them out in the open. Only the best shots will do for the Professor's Pokémon Report, so sharpen your photography skills and get ready to SNAP!

- The first-ever N64® game to feature the world-famous Pokémon—fully rendered in 3-D!
- Explore the many environments of Pokémon Island, like the sunny beach, the mysterious caves, and even a red-hot volcano!
- Many different types of Pokémon inhabit the island. See how many you can catch on film!
- Print your photos as stickers at Pokémon Snap stations! Visit www.Pokemon.com or call 1-800-859-652[illegible] for all the details and to find the Snap Station nearest you!

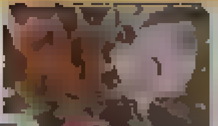
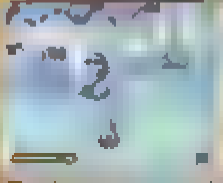
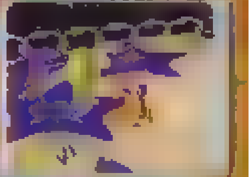
STATION SILICON VALLEY







A [illegible] Cyberspace Adventure to Save the Final Millennium.

Silicon Valley was intended to be the most technologically advanced amusement park civilisation has ever known. Shortly after take-off it disappeared. Now in the year 3000 it's back and on a collision course with Earth! It's up to you to conquer the 30 levels in 4 incredibly lavish environments. Take control of the totally original, wacky and at times life threatening characters and unlock the mysteries of the Valley. It's all great fun but remember, the fate of the World is in your hands!

Une aventure [illegible] dans le Cyberespace pour sauver le prochain millénaire.

Silicon Valley a été créé pour être technologiquement le plus évolué des parcs d'attraction spatiale jamais réalisé. Peu de temps après son décollage, il disparaissait. De nos jours, en l'an 3000, la station est de retour après une collision avec la Terre. C'est maintenant à vous de conquérir les 30 niveaux dans 4 environnements complexes et délirants. Prenez le contrôle de plus de 30 personnages farfelus et résolvez les énigmes de la Vallée. C'est super fun, mais souvenez-vous que le destin du monde est entre vos mains!

Ein verrücktes Cyberspace-[illegible] – [illegible] für das nächste Jahrtausend.

Silicon Valley wurde als der technisch fortschrittlichste Vergnügungspark angelegt, den die Menschheit je gesehen hatte. Doch kurz nach dem Abheben verschwand er. Jetzt, im Jahre 3000, taucht er wieder auf und steuert geradewegs auf die Erde zu! Es liegt an Ihnen, die 30 Level in 4 phantastisch gestalteten Szenerien zu erobern, die Kontrolle über die originellen, verrückten und manchmal auch lebensgefährlichen Gestalten zu gewinnen und die Geheimnisse des Parks zu entschlüsseln. Ein toller Spaß, doch denken Sie daran, das Schicksal der Welt liegt in Ihren Händen!

64で語られるもうひとつのストーリー。

物語は氷の惑星、ホスから始まる。時に銀河系は銀河皇帝の絶対的な権力の下で、多くの人たちが苦しんでいた。そんなある日、帝国軍に立ち向かう反乱軍の物資を積んだ貨物船アウトライダー号が、ホスのエコー基地に到着した。船長の名はダッシュ・レンダー。彼こそこの物語の主人公である。映画で有名な「帝国の逆襲」と「ジェダイの復讐」の間に位置する波乱万丈の冒険が、いま始まろうとしているのだ！

映画シリーズでおなじみのキャラクターやシーンが多数ちりばめられています。64ならではの薬麗で迫力あるグラフィックを存分にお楽しみください！

メインステージ10面は空中戦に宇宙戦、マシンを操っての競争や、基地・列車&水中でのダッシュの活躍など、どれもバラエティーに富んでいます。

アクションゲームとシューティングゲーム。そのお互いの要素が十二分に生かされ、重厚感あふれる冒険がスピーディーに展開されていきます。
